

BRAUNEWELL

SELZTAL IN RHEINHESSEN

TEUFELSPFAD RIESLING AUSLESE NOBLE SWEET

Braunewell // Superior Quality Wines known as Prädikatsweine are the top wines in the Braunewell winery. Only the oldest vineyards of classic grape varieties from our top sites in Essenheimer Teufelspfad and Elsheimer Blume are selected as residual sweet quality wines. The TEUFELSPFAD // Riesling Auslese is a gift from the cool October days. Old vines, concentrated aromas in the small, golden-yellow berries form the substance of this wine. We winegrowers accompanied the development of the wine to a heavenly temptation. If the devil knew that!

// WINE Golden yellow in the glass! Concentrated, exotic fruits on the nose, highly ripe quince, mirabelle, clear notes of orange from the extreme ripeness of the grapes. The fruit explodes on the palate.

// SOIL Limestone

// HARVEST The grapes for this wine are coming from our various Riesling vineyards on our southern slopes in Essenheim and were selected by hand in October at 124 ° Oe. Only the healthy, fruity noble rot came to our cellar.

// YIELD 8 hl/ha

// CELLAR and STORAGE Restrained fermentation in stainless steel tanks, stopped with 125 g of residual sugar through natural cooling. Subsequent yeast storage until early February. Bottling in March.

// RECOMMENDATIONS Aperitif- and dessert wine

// STORAGE CAPABILITY to at least 2030

// DRINKING TEMPERATURE ca. 8-10°C

// TECHNICAL DATES
