Vineyard & Vinification

We grow a surface of 1 hectare, for a production of about 5000 bottles of this cuvee. The ageing is realized in tanks for 50% and in oak casks for 50%.

Characteristics

A red robe with a beautiful intensity, with an aromatic nose of red fruits (blackcurrant, lackberry). This wine presents melted and rounded tannins.

Gastronomic Harmony

Taste with terrines, a white meat, a red grilled meat, fillet, soft cheese.
