PROSECCO
Denomination of Controlled Origin
SPARKLING WINE BRUT

SECH

Sparkling wine obtained from the white grapes of the Glera grapes harvested in the vineyards of the Schiavon Farm, classified DOC, province historically dedicated to the production of quality Prosecco.

PRODUCTION AREA:	Vineyards located at the foot of Montello within the Prosecco area of Denomination Controlled Origin.
TRAINING SYSTEM:	Sylvoz
GRAPES:	100% Glera
HARVEST:	Grape harvest takes place in September when the grapes reach the maximum chemical / organoleptic balance.
VINIFICATION TECHNIQUE:	The vinification is done by the soft pressing of the grapes and the static decanting of the must. Primary fermentation takes place in steel containers with selected yeasts and proper temperature management. Accentuated autoclave sparkling, according to the charmat method, allows us to obtain a sought-after and genuine product that keeps the characteristics of the originating grapes unaltered.
CHEMICAL CHARACTERISTICS:	PRESSURE: 4.5 - 5 bar ALCOHOL GRADE: 11% RESIDUAL SUGARS: 10 - 12 g/l ACIDITY: 5.8 - 6.5 g/l
ORGANOLEPTICS CHARACTERISTICS:	Intense and subtle bubbles sprinkle this sparkling wine creating an important perlage. Stale straw yellow with light greenish reflections, the aroma is fresh and elegant with hints of green apple and slightly citrus notes. The moderate sugar residue is well balanced with good sapidity, making this wine dry but devoid of spigolosity.
MATCHING:	Wine very easy to match, especially with vegetables, minestrone, mushrooms, seafood and grilled fish. Also referred to as an excellent aperitif.
SERVICE TEMPERATURE:	The ideal mixing temperature is between 6 and 8 °C, obtained in ice bucket and sealed at serving time.
DESCRIPTION FOR WINES LIST:	SECH Sparkling wine - Prosecco D.O.C. - Brut - Tenuta Schiavon
